

PATIENT PARTICIPATION GROUP CONSTITUTION

1. Mission Statement.

2. Co-operation between the Practice Patient Population and the Practice to bring about tangible improvements for the benefit of all.

3. Objectives.

To represent the Practice Patient Population with the practice and relevant community groups and organisations.

To network with other PPG's and patient practice groups to share best practice.

To initiate and maintain an active dialogue between the PPG and the Patient Practice Population e.g. via notice boards, suggestion boxes etc.

Contribute to improvement in health service by providing constructive feedback to the Practice on current and proposed new procedures and initiatives.
