

AYLESBURY SURGERY
PATIENTS PARTICIPATION GROUP

MINUTES OF MEETING HELD ON
25TH APRIL 2015.

1. The meeting arranged for the 8th April was re - convened to 25th of April as the meeting arranged for the 8th of April was cancelled due to the number of patients who were unwell and were unable to attend the meeting . DrBhomra, Mr R Mehta and Mrs J Locke wished everyone a rapid recovery.

2. A suggestion was made that Easter should be celebrated by placing a vase of spring flowers ie: daffodils or tulips on the reception counter so that all who entered the practice could enjoy them. This motion was accepted by all who were able to attend.

3. Mr Mehta has commented on the number of appointments which patients have DNA'd and consequently have then been unavailable to other patients. It has therefore been decided that at the end of each week the number of patients who have failed to attend either for the doctors or nurses clinics will be calculated and the numbers involved will be put on the notice board for the information of other patients with a request that they ring the surgery to cancel appointments which are no longer needed. This is currently ongoing.

4. A suggestion that an Easter bonnet parade could be held jointly with a local school was accepted and it was decided to approach the Head Teacher of Christ The King primary school who agreed enthusiastically. A trophy has therefore been purchased by the practice. Dr.Bhomra was asked to present the trophy to the child wearing the best Easter Bonnet. This has been done.

The parade will be held each year and the trophy which will be kept at the school will be presented to the winner by as judged by

Dr Bhomra and the practice manager.

Minutes prepared by Mrs J Locke
Meeting chaired by Mr R Mehta
